

## Cipher Mining Commences Bitcoin Mining at Black Pearl Data Center

June 23, 2025

*Successfully energizes 300 MW Black Pearl site*

*Commences hashing at 150 MW Black Pearl Phase I*

*Total Cipher hashrate currently at ~16 EH/s and expected to increase to ~23.1 EH/s during the third quarter*

NEW YORK, June 23, 2025 (GLOBE NEWSWIRE) -- [Cipher Mining Inc.](#) (NASDAQ: CIFR) (“Cipher” or the “Company”), a leader in the development of industrial-scale data centers, today announced the successful energization and commencement of hashing at its Black Pearl site.

Hashrate currently generated at the site is ~2.5 EH/s and will continue to grow through the third quarter of 2025 as new mining rigs are delivered in scheduled batches, gradually replacing legacy units. Upon completion of this installation, Phase I is expected to reach a hashrate of ~9.6 EH/s, bringing Cipher’s total self-mining hashrate across all sites to ~23.1 EH/s.

“We’re proud to be mining bitcoin ahead of schedule at Black Pearl, following the safe and efficient delivery of a best-in-class data center in just 16 months,” said Tyler Page, CEO. “As we continue to expand our mining footprint, the disciplined operations that underpin our positioning as one of the industry’s lowest-cost producers of bitcoin will remain a key advantage.”

Cipher now operates five data centers dedicated to bitcoin mining, with a pipeline of 2.6 GW expected to be used for HPC hosting or bitcoin mining applications.

### **Forward-Looking Statements**

This press release contains certain forward-looking statements within the meaning of the federal securities laws of the United States. The Company intends such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 and includes this statement for purposes of complying with these safe harbor provisions. Any statements made in this press release that are not statements of historical fact, such as, statements about the Company's beliefs and expectations regarding its planned business model and strategy, its bitcoin mining and HPC data center development, timing and likelihood of success, capacity, functionality and timing of operation of data centers, expectations regarding the operations of data centers, such as projected hashrate, and management plans and objectives, are forward-looking statements and should be evaluated as such. These forward-looking statements generally are identified by the words "may," "will," "should," "expects," "plans," "anticipates," "could," "seeks," "intends," "targets," "projects," "contemplates," "believes," "estimates," "strategy," "future," "forecasts," "opportunity," "predicts," "potential," "would," "will likely result," "continue," and similar expressions (including the negative versions of such words or expressions).

These forward-looking statements are based upon estimates and assumptions that, while considered reasonable by CIPHER and its management, are inherently uncertain. Such forward-looking statements are subject to risks, uncertainties, and other factors that could cause actual results to differ materially from those expressed or implied by such forward-looking statements. New risks and uncertainties may emerge from time to time, and it is not possible to predict all risks and uncertainties. Many factors could cause actual future events to differ materially from the forward-looking statements in this press release, including but not limited to: volatility in the price of CIPHER's securities due to a variety of factors, including changes in the competitive and regulated industry in which CIPHER operates, CIPHER's evolving business model and strategy and efforts it may make to modify aspects of its business model or engage in various strategic initiatives, variations in performance across competitors, changes in laws and regulations affecting CIPHER's business, and the ability to implement business plans, forecasts, and other expectations and to identify and realize additional opportunities. The foregoing list of factors is not exhaustive. You should carefully consider the foregoing factors and the other risks and uncertainties described in the "Risk Factors" section of CIPHER's Annual Report on Form 10-K for the fiscal year ended December 31, 2024 filed with the Securities and Exchange Commission ("SEC") on February 25, 2025, and in CIPHER's subsequent filings with the SEC. These filings identify and address other important risks and uncertainties that could cause actual events and results to differ materially from those contained in the forward-looking statements. Forward-looking statements speak only as of the date they are made. Readers are cautioned not to put undue reliance on forward-looking statements, and CIPHER assumes no obligation and, except as required by law, does not intend to update or revise these forward-looking statements, whether as a result of new information, future events, or otherwise.
